TELEGRAPHIC.

WINNIPEG, December 5.

Justin McCarthy is ill.
Blake will likely be appointed Irish leader.
Jay Gould died on Friday worth a hundred million.
Buck Olsen was executed in New Brunswick on Friday for murder.
Foster, finance minister, returned well pleased with the success of his trip.
Premier DeBoucherville has resigned because Chapleau is appointed lieutenant-governor. Taillon has been called on to form a cabinet.
Macdowell in talking of his journey in the Northwest Territories proposed a fast Atlantic service, which would save 36 hours between Halifax and Liverpool.
The following are the official statements of Thompson's cabinet: Prime minister and minister of justice, Thompson; minister of public works, Ouimet; minister of trade and commerce, Mackenzie Bowell; minister of railways and commerce, Haggard; minister of militia, Angers; minister of agriculture, Costigan; secretary of state, Patterson; minister of finance, Foster; minister of marine and fisheries, Tupper; postmaster-general, Cahan; minister of interior, Daly; president of council, W. B. Ives, without portfolio; Hon. Frank Smith and Abbott, comptrollers. Under secretaries having seats in the house but not in the cabinet: Clark Wallace, comptroller inland revenue; Dr. Montague, comptroller of customs; solicitor-general, J. J. Curran.

LOCAL.

TRAIN on time.

MARRIAGES are the order of the day—another this week.

F. OLIVER and A. Prince, M.L.A.'s, left for Regina by last Friday's train.

CHRISTMAS falls on Sunday this year, so Monday will be held as a Dominion holiday.

R. L. ALEXANDER arrived on the 28th ult., with his family and intends residing here.

ROBT. MINNIE shot a deer last week in the cut bank lake north of J. B. Adamson's farm.

A LARGE number of passengers arrived by last Thursday's train, but only a few were land seekers.

A SKATING rink will be opened shortly by Bell & Folliott. This is what Edmonton requires very much.

A GREAT many passengers left by last Friday's train, mostly strangers, who have been visiting the district.

REV. MR. DEAN, of Calgary, being unwell was unable to attend the dedicatory service in the McDougall church last night.

THE Calgary Herald, of November 30th, has a letter of half a column from Captain Ed. C. Dawson praising our country.

WE hear of people in the south being frozen to death, but the worst we have heard of here is that Neil Galbraith got his feet frozen lately.

THE Imperial Bank was removed on Saturday to the Edmonton block where it will be much handier being more in the centre of the town.

MALCOLM McLEOD left last week for the bush to take out logs for Fraser & Co.'s mill. He took with him a much larger gang of men than usual.

THE bridge petition is again being circulated in Edmonton. Those who have not signed it ought to make a point of signing it before it goes east.

K. A. McLEOD has purchased the machinery and engine that X. St. Jean brought into this country, and will shortly open up a steam factory for all sorts of joinering.

REV. DR. ROBERTSON, superintendent of Presbyterian home missions, will hold a missionary meeting in the South Edmonton church to-morrow evening at 7:30 o'clock.

THE town was suddenly left in darkness the last two nights through what is technically known as a "ground," that is the current had escaped from the wire to the earth.

Messrs. Rowe and Westland, who recently arrived from England, have taken up two sections of land near Lacombe, intending to start a horse ranch. They are importing thoroughbred Shire horses.

T. ANDERSON, of Winnipeg, son of Thos. Anderson, Dominion lands agent, left by Friday's train, after paying a short visit. He was much astonished to see the progress Edmonton had made of late.

TEA will be served in the old Methodist church to-night, from 6 to 8, during which the band will play. Afterwards a concert will be given in the new McDougall church. Proceeds will go towards the building fund.

REV. DR. ROBERTSON, superintendent of Presbyterian missions in Manitoba, Northwest Territories and British Columbia, is expected on to-night's train. He will hold missionary meetings at the various stations in the Edmonton district.

M. PETTERIE, and two others of Calgary, while looking for their horses one morning last week were overtaken by a blizzard between the Kneehills and Calgary, lost their way and were severely frozen when found by the N. W. M. Police.

WE notice in the Winnipeg Commercial the following item: "The flour mill at Emerson, Manitoba, is to be removed to Edmonton, Alberta." As the Messrs. Ritchie have erected a roller mill at South Edmonton, it looks as if we are going to have two new flour mills.

THE NEW PREMIER.

Sir John Thompson, as the country expected, has become prime minister. Sir John Abbott having sent a letter to the governor-general resigning the office on account of ill-health. He is able, in the prime of life, with good health, and we may expect with confidence a vigorous policy.

Born on the 10th November, 1844, Sir John Sparrow David Thompson was something over a fortnight ago forty-eight years of age. His father, John Sparrow Thompson, was a native of Waterford, Ireland; and, when young, emigrated to Nova Scotia, where he filled several important public positions. Sir John Thompson was educated at one of the common schools of his native city, and then took a course at the Free Church academy in Halifax. On leaving the academy he began the study of law, and articulated himself to Mr. Henry Pryor, D.C.L., one of the leaders of the Nova Scotia bar. He served as an alderman to the city of Halifax, and was for some time chairman of the board of school commissioners. In 1878 he entered local politics, representing the county of Antigonish. The Conservative party had carried almost every county in the province. He became attorney-general. On the formation of the Liberal government, in the year 1882, Mr. Thompson accepted a seat on the bench of the supreme court of the province. In 1885 he resigned his seat on the bench and entered Dominion politics becoming minister of justice, and at once took a first place as a debater. In 1870, when a barrister, Sir John married Miss Annie E. Affleck, of Halifax, by whom he has a large family.

Lord Dunraven has sent a challenge to Gen. Payne, New York Yacht club, wishing to race next year for the American cup.

Woodall, Liberal M.P. for Hadley, has had the cross of the legion of honor bestowed on him by the French government for his services in the Paris exposition of 1889.

Mayor Bentley, of Lethbridge, has been notified by the minister of public works that the erection in Lethbridge of a court and customs house, at a cost of \$20,000, will be proceeded with right away.

Interviewed by a representative of the Moose Jaw Times, Mr. Daly said that he was impressed with the kindness and hospitality of the people of the Territories, and wherever he stayed he had been treated right royally.

At Fort Qu'Appelle, on Monday last, the ratepayers of the municipality were given an opportunity of voting for a by-law to grant a bonus of \$20,000 to aid in the construction of the Wood Mountain & Qu'Appelle railway from the Canadian Pacific railway to Fort Qu'Appelle, such bonus, if carried by the necessary vote, to be payable only on the completion of the road to the Fort by the 31st October, 1894. The vote resulted in favor of granting the bonus. The interest manifested was very spirited.

GENERAL NEWS.

The California Coast has been visited by the most severe storm for years.

In a letter written to a relative Madame Albani states that she will visit Canada next year.

Buildings are going ahead in Fort Macleod regardless of the C. & E. terminus, and the inhabitants intend to protect their rights even should a second Edmonton land office scene occur.

Early next spring the Bell Telephone company will construct a new direct line between Port Hope and Kingston, consisting of two new metallic circuit wires, on new poles, and costing about \$50,000.

Hon. T. M. Daly has been very unwell and suffering considerably from his sore ankle, but is greatly refreshed by the rest he has had in Winnipeg. He was able to leave for Ottawa on the 27th November.

A Montreal newspaper states that in well informed circles it is considered settled that the Canadian Railway company will get the Government contract for a fast Atlantic mail service and that the line will be established next summer.

The Canadian Pacific Net earnings for October, 1892 were \$1,024,503. In October 1891 they were \$978,665 and for the ten months ending October 31st, 1892 were \$6,596,917 for the ten months ending October 31 1891 they were \$6,141,465.

EDMONTON BULLETIN, DECEMBER 5, 1892.

SELLING GRAIN.

From the Commercial, 25th November.

The Commercial has placed the responsibility for the low price of wheat largely upon the farmers. Such a large portion of the crop marketed so early in the year has never been known. This cannot altogether be owing to pressure to sell, in order to secure cash to liquidate indebtedness, for the farmers should not be under greater pressure on this account than in former years. Still there is no doubt but that farmers have been forced to sell in many instances in order to obtain the wherewith to meet demands from their creditors. This is true in Manitoba, as well as in the great wheat states, south of the boundary. Undoubtedly many farmers would have held for higher prices if they had not been pressed for cash. Their creditors look for their money as soon after harvest as the grain can be marketed, and it is but natural that they should be impatient to receive their own, when they know the farmer has the grain all ready to sell. The farmers as a rule buy on credit during a large portion of the year, always on the understanding that payment is to be made after harvest. One principal item which amounts to a very large sum in the aggregate, is for implements and farm machinery. There are very few farmers in Manitoba who have not heavy bills to meet for implements every year, and this is about the first item which has to be paid. The implement men, as a rule, are sharper collectors than the merchants or other creditors of the farmer. The latter can frequently stand off his store bills for an indefinite time, but he usually has sufficient pressure brought to bear upon him to make him pay for his implements as early as convenient. Besides, the rate of interest on overdue notes, for implements, is a strong incentive to induce the farmer to sell his grain to pay off such claims, even although the price may be lower than he considers profitable to sell at. The Commercial has on past occasions expressed the opinion that the expenditure for implements and farm machinery in Manitoba is much larger than it should be. We have known farmers who had only a small area of land under cultivation, to procure a full outfit of expensive machinery. That seems unbusinesslike, as the expenditure was out of all proportion to the probable return from the crop. Farmers, of course, cannot farm without their implements, and they should know their own business as to their requirements; but it really does seem that the vast annual expenditure for implements might be cut down, to the great advantage of the farmer.

The easy credit system is certainly responsible for a considerable portion of the aggregate indebtedness of the farmers. This applies in a general sense to other lines as well as in machinery. There are no doubt many farmers who would not have sold their wheat at the present low prices, were it not that they were pressed for the money to meet their obligations to creditors. At the same time it is also undoubtedly true, that many farmers would not have been obliged to sell their wheat to pay obligations due, were it not for the freedom of credit in this country, for the reason that they would have done without some things if they had followed a closer cash system. They are encouraged and urged to buy on credit; but the time to pay comes around just the same, and they must sell their grain in order to meet liabilities, even though the prices obtainable is not a fairly profitable one.

GENERAL NEWS.

The very class of settlers which Canada most needs, the energetic American farmer, is moving from the Western States to Edmonton and the Red Deer District, via the Relstroke and Columbia River route, in one continuous stream. Twenty-five came up in the steamer Lytton Saturday, November 26th. They embarked at Northport and brought with them four wagons and buggies, 18 horses and a fine collection of farming implements and machinery. They are the families of well-to-do farmers who have visited the Canadian Northwest and who found the country so much to their liking that they hurried home to fetch their wives, children, stock and implements before the route is closed for the winter. Many of them could not get things in shape for coming this fall, but they will have ample time to make preparation during the winter, and as soon as traffic opens in the spring they say they will be on the road, with most of their belongings, to the land of fertility and true freedom—the great Canadian Northwest.—Revelstoke Star.

A despatch from Astrachan, on the river Volga, states that a naphtha barge caught fire there. The flames spread with startling rapidity and before any attempt could be made to save them 26 other barges, some loaded with naphtha and others empty, were in flames. Two steamers caught fire and were destroyed. All the barges were burned to the water's edge. Bargemen and hands on the steamer barely escaped the explosion that followed. The communication of the flames to the naphtha sounded like the discharge of canons. The fire presented a magnificent spectacle.

Dense fogs have prevailed in London for some time past. The atmosphere is one mass of thick blackness, the gas and electric lights are in use everywhere but in the streets their rays where unable to penetrate the dense mass of vapor that hangs over the city. The fog penetrated the most tightly closed houses and everywhere caused a feeling of discomfort. On the streets pedestrians stumbled along often unwarily getting bad falls. The usual roar of traffic is greatly diminished.

The lungs of some Canadian cattle, part of the cargo of the steamship Lake Winnipeg, which arrived at Liverpool recently, were examined by a veterinarian, who, after a careful microscopical examination, declared that the animals slaughtered were perfectly free from pleuro-pneumonia. Cattle from the United States are not free from it.

A REPLY TO AN

Important Question.

Which is the best and cheapest Dry Goods Store in Town? is the question now frequently asked by the Settlers, who have recently arrived in this district. In answer to this important question, I would respectfully but emphatically reply, the

MANCHESTER HOUSE.

Dealing as I do almost exclusively in Dry Goods, I have always on hand a larger and better assorted stock than any house in Town. Prices too are cut so fine, that it is frequently remarked by those who seek quotations "Why you are selling as cheap as they do down east, and in fact in some cases cheaper."

Many of the lines have been personally selected in the best English Markets. To all desirous of inspecting and pricing the goods a cordial welcome will be given, and I am confident that my values will satisfy the keenest buyer.

Ladies' Department.

Space prevents enlarging on this head, but I would simply say, that Ladies will find here, nearly every thing they could wish in the shape of Dress Goods, Mantle Cloths, Mantles, Fur Coats and Caps, Warm Underwear, Corsets, Fancy Flannels, Woollen Hoods and Shawls, Hosiery, Millinery, Overshoes and Moccasins, &c., &c.

Men's and Boys Department.

In Ready Made Clothing, Fur and Cloth Overcoats, Woollen Underwear, Shirts, Fur Caps, Mitts, Gloves, Overshoes, Moccasins and Gum Boots, &c., the stock is large and all that could be desired.

House Furnishings, &c., &c.

Parties furnishing will do well to inspect the large assortment in this line now displayed, comprising Carpets, Rugs, Floor Cloths, Blankets, Quilts, Comforters, Towels, Sheetting, Napkins, Curtains, Window Blinds, Curtain Poles, &c., &c.

Fancy Goods, Xmas Cards, Etc., Etc.

A Splendid Assortment of Plush and other Goods suitable for Wedding and Xmas presents just opened out.

GENERAL NEWS.

An annexation meeting in Toronto was attended, besides the reporters, by one man, and he was not an annexationist.

The announcement is made that the Hon. Terence John Temple Blackwood, second son of the Marquis of Dufferin and Ava, is to be married to Miss Flora Davis, the daughter of John H. Davis, of New York.

Destructive storms are still reported from the south of Ireland. Considerable stretches of country have been flooded at Mallow and Charlesville, County Cork. In many villages the water is two feet deep on the streets.

Regarding the reduction of running time of through Canadian Pacific trains, president Van Horne says there will be radical changes in the spring, both as regards the change of time of arriving and departing at certain points and in the reduction of hours in crossing the continent.

Some time ago an English syndicate paid a million dollars for an Idaho mine, which experts now pronounce a valueless hole in the ground. Some of the greatest fortunes in mining are made when a scientific promoter strikes a good vein of greenhorn.

Some 1,000 enthusiastic Salvationists met in Carnegie Music Hall, New York. Mr. and Mrs. Ballington Booth addressed the meeting of the continental congress of the Salvation Army. All ranks of the army were represented. A procession of 3,000 persons was afterwards formed.

The statement of the revenue and expenditure of Canada for the first four months of the fiscal year 1892-93 shows an increase in the form of \$585,000 and a decrease in the latter \$638,476. There has also been a decrease in the public debt during the same time of \$3,252,236.

From England come the announcement that in the Somerset hunting country the divided skirt is a favorite with the ladies who ride out with the hounds, the side-saddle being discarded. The fashion, too, is said to be spreading. A society for the defence of man's rights in the matter of garments will soon be more necessary than the organizations for the promotion of woman's rights in the matter of politics.

In Washington it seems to be the unanimous opinion of those entrusted with its execution that the latest Chinese restriction act has fallen a dead letter. The law was passed on the 5th of May last and up to the 27th November just five Chinamen, in the whole United States, had complied with its provisions, requiring registration and the furnishing of their photographs, and these were residents of Oregon. According to census figures there were 107,475 Chinese in the United States June 1st, 1890, but it is believed that there are at least 250,000 now. The only penalty provided in the law for failure to comply with its provisions is deportation back to China. The enforcement of this law would involve an expenditure of \$10,750,000, and only \$50,000 is appropriated for the purpose.

On the 29th November a batch of immigrants booked for the Western States were landed at Halifax, N. S. The railway people refused to forward them unless they had guarantees that they would pass the frontier. These could not be given, however, as the local authorities have not machinery for fumigating immigrants and their effects, consequently the unfortunate foreigners remain in the railway sheds at Halifax. This was also done the week before last with some Danes who arrived there.

William O'Connor, the champion oarsman of America, was interred in St. Michael's cemetery, Toronto, on the 26th November. The funeral was a lengthy one, over 100 carriages being in line. Edward Hanlan was among the pall bearers.

Q. A. Bridges, a physician of high standing in Maine, says Mrs. Stephen Philbrick is sick at that place, with Asiatic cholera, but appears to be improving. The house has been quarantined.

Cornelius Vanderbilt's residence, "The Breakers," has been burned to the ground. The loss estimated at \$600,000.

Councillor W. F. Orr will be acting mayor of Calgary during the absence of mayor Lucas.

LOCAL.

THE Stratford Evening Herald of November 17th contains a long letter from Mr. Ingram, of the Edmonton Creameries Co., pointing out that the young Ontario farmers are wrong in emigrating to Washington without first seeing this country, as a great many who formerly went to Washington are now leaving that place and settling here. We thank the Stratford Herald for its kind remarks about the BULLETIN.

THE McDougall church was opened yesterday. The dedicatory service was conducted by Rev. Mr. Somerset, of Bears Hills. Rev. C. A. Procutier and Rev. Mr. Elmitt, the sermon being delivered by Rev. Mr. Somerset. Afternoon service was conducted by Rev. D. G. McQueen and the evening service by Rev. C. A. Procutier. The congregation was very large on each occasion. In the evening fully 300 being present, and many had to leave not being able to get seats. This promises to be a very handsome church when thoroughly completed.

A NUMBER of Scotchmen and friends met at the Hotel Edmonton, on Wednesday, to celebrate St. Andrew's day. W. Wilkie occupied the chair. The toast was proposed: Col. Jarvis replying for the Army, Navy and N. W. M. Police. Then Lander said a few very appropriate words for the ladies. A most enjoyable evening was passed with songs by W. Wilkie, T. Mallette and others, accompanied by the piano. The following was the menu: Soup, Scotch broth, Fish, Salmon and parsley sauce; Entrees, fricasse of chicken, game pie; Roasts, beef, turkey and cranberry sauce; Boiled mutton and caper sauce, and haggis; Pastry, Plum pudding, apple, peach pie; Fruit, grapes, apples and oranges.

The following improvements have been done by the C. & E. railway in South Edmonton: Whyte Avenue has been graded quarter of a mile from the station east to Grandin street; Grandin street cleared thirty feet wide and a roadway plowed 20 feet wide to Alberta avenue; Alberta avenue has been grubbed and cleared 30 feet to the road allowance north of section 21; the road allowance is cleared out 30 feet wide, grubbed to Mill creek and four hundred yards plowed. Grades have been made from bank to bank of Mill creek with a railing three feet high along the lower side, and a truss bridge 70 feet long, ten feet above the water and 14 feet wide has been built across the creek. This is the road that has been built for the convenience of the farmers living on the south side and east of south Edmonton, such as Clover Bar, etc.; but there is no direct road yet made that leads to Clover Bar or these districts from the Mill creek.

F. Marion Crawford, the well-known novelist, arrived in the United States on November 11th by the steamship "Pulda" from Genoa, after an absence of several years. Mr. Crawford will give in the principal cities, during the winter, a series of readings from his works.

The Toronto city engineer caused some little excitement recently by taking out a gang and chopping down a number of electric railway trolley poles, being ugly deformities on the streets which the railway refused to change for neat poles.

It is reported that Whitney, of Cleveland, last cabinet, and a syndicate of Americans have bought up the product of the Canadian coal mines in the east for \$600,000, in expectation of Cleveland's election, intending, doubtless, to ship it to the Eastern States.
